Hey everyone!! Welcome to 2016!! One of my New Year's Resolutions is to keep my apartment clean ALL THE TIME! I always get embarrassed when someone stops by and my apartment

is messy, so I created a cleaning calendar that will keep my house clean all month long! I live in a one bedroom apartment, so this calendar may be too simple for a large house or a larger apartment but It is perfect for your dorm or smaller living spaces. Everything Kaysi created this calendar with 4 categories for when to clean: Daily, Weekly, 2x a month and 1x a month.

Weekly will be in **Green Font**

2x a month will be in **Blue Font**

1x a month will be in **Red Font**

Daily consists of: Wiping down countertops in kitchen and bathroom, picking up clothes off the floor and making your bed.

Weekly consists of: 1. Dishes and one load of laundry 2 times a week. 2. Sweeping the bathroom and kitchen floors. 3. Taking out the trash. 4. Washing your sheets and towels. 5. Wipe down furniture-night stand, coffee table, t.v stand, side tables...etc...

2x a month consists of: 1. Vacuuming the living room, rugs and couches. 2.Cleaning out the refrigerator and pantry, throw out expired foods. 3. Mop the bathroom and Kitchen floors. 4. Clean toilets and sinks. 5. Straighten up the closets- hang up clothes, put away shoes.

1x per month consists of: 1. Dusting 2. Wiping down or vacuuming base boards. 3. Clean cabinet doors and shelves. 4. Clean ceiling fans. 5. Clean shower/bathtubs. 6. Organize one cluttered area. 7. Wipe down decorations-artwork, picture frames, sculptures, things hanging on the wall. 8. Organize bathroom drawers. 9. Organize pots and pans.

The list seems like a lot, but when you split it up it's not too bad. I even managed to take Saturdays off. ☐ I hope this
